Librarian

Full Stack Web Developer

East Bay Area
California
94568

Freelance full-stack web developer with a background in English literature and library science. I recently earned a certificate in full stack web development from University of California, Berkeley.

I am highly motivated and energetic in all aspects of project development - from conception to deployment. I am highly resourceful, creative, passionate and a quick learner with strong communication, coding and teamwork skills.

Experience

Freelance Web Development Since 2023

- Developed responsive and user-friendly websites from concept to completion, ensuring high performance and optimal user experience.
- Designed and developed dynamic user interfaces with React, ensuring seamless interaction and a responsive user experience across devices.
- Integrated MySQL and MongoDB databases to store and manage application data, designing database schemas and implementing CRUD operations to ensure data integrity and reliability.
- Developed RESTful APIs with Express.js to handle client-server communication, implementing middleware and authentication mechanisms to secure endpoints and enforce access control.

Adult/Young Adult Librarian

Saskatoon Public Library, Saskatoon, SK, Canada · 2008-2010

- Developed and ran programming for adults and young adults including computer and web training
- Selected, maintained and curated adult and young adult hardcover collections (fiction and non-fiction)
- Oversaw paging operations, including supervision of paging staff
- Other duties such as outreach, committee work and staff computer training

Contract Consultant

Saskatchewan Parks and Recreation · Summer 2008

- Conducted an environmental scan, survey and research
- Wrote a report summarizing my findings and made specific recommendations regarding the implementation, technology, interoperability, content management, knowledge organization structure, maintenance and future development of an information portal for Saskatchewan Parks and Recreation.

Notable Projects

- Growth Garden · 2024 · github.com/eaidsath/Growth-Garden
- Share Sphere · 2024 · github.com/kerilsen/share-sphere
- Neighbor Share · 2023 · github.com/DonnyAndre29/Neighbor-Share

Education

University of California,
Berkeley Extension
Full Stack Flex Coding
Bootcamp

University of Alberta
Master's of Library and
Information Studies

University of
Saskatchewan
Bachelor of Arts in
English (Honors)
